

AUGUST 19, 2015

This past thirty days have been very productive for me, educationally wise. I participated in two Webinars sponsored by the New York Archives. On July 22, 2015 the topic was "Introduction to Historical Records for RMO's (Record Management Officers). On August 5, 2015, the training webinar session was " Your Role as Records Management Officer. These webinars were not only tailored for RMO's but also for Municipal Historians, and Historical Society's Historians.

On August 15th I attended the monthly meeting of the Amboy Historical Society. as an invited guest. The group is very cordial, and always allows me time on their agenda to speak about information that benefits our common causes.

I received only one communication this month. A request on the location of "Old State Route 69" He was looking for an old map and I referred him to the AHS.

Marie Strong, Town of New Haven Historian, asked me to attend an "Organizational Meeting" for the purpose of forming an "Oswego County Municipal Historian Association" on August 8th. Because of a previous commitment, I was unable to attend, but I emailed her and told her I would more than happy to attend future meetings. She sent me the agenda for the meeting they were going to use, but decided to wait, for only four Historians could make the meeting. They decided to meet the second Saturday of each month until a reasonable number of Historians can attend.

On September 12th I plan on attending the Association of Public Historian of NYS (APHNYS) Region 8 Meeting held in Sackets Harbor. The meeting will be conducted by Justin White, Oswego County Historian and hosted by Connie Barone, Sackets Harbor Historian.

Respectfully submitted,

A handwritten signature in black ink that reads "Tim Kelley". The signature is written in a cursive style with a long, sweeping underline that extends to the right.

Tim Kelley
Town of Amboy
