

NOVEMBER 18, 2015

As of this date I have received only one correspondence. Charlene Cole, Sandy Creek Town and Village Historian called me about historical information, passed on to her by an individual. The data she sent included family history, Amboy Town Government history, including town purchases, and School information dating back to the mid and late 1800's. I will be archiving this data and share copies with the Historical Society.

On November 15 I attended the Amboy's Historical Society's Christmas Open House. Christmas poems were read, Christmas songs sang and refreshments were serviced!

This week I will be finalizing our town history, to be included in the County Wide History Booklet. Lisa Harrington has been assisting me in putting this project together.

At the end of this month I will have completed three webinars sponsored by The New York State Archives. They are: Cyber Security for Records Managers, Maintaining an Active Records Storage Area and Foundation of Disaster Plan and Response. These webinars are very informational and very helpful in my work as Town Historian. I will continue to take advantage of these webinars, as well as any workshops that become available to me.

Respectfully submitted,
