

MAY 18, 2016

As Town Historian, I often attend a variety of meetings that impact the Town of Amboy. This past month and next month I have a busy schedule.

On May 5th I attended a meeting with State Senator Ritchie. I had the time to speak to her on concerns of broad band communications and business and tourism development in the Town of Amboy. The day before I attended a webinar on "Email Communications", presented by the New York Archives.

The Oswego County Town & Village Historians met on May 14th in Central Square to discuss the upcoming Oswego County Bicentennial celebrations. We also discussed our involvement in this year's Oswego County Fair in the Heritage Building. The Bicentennial book is nearing completion of editing and a publisher will soon be chosen. We also received Bicentennial Commemorative pins from the Oswego County Legislature.

For the rest of May I will be attending the AHS meeting on 21st and an Oswego County Tourism Board sponsored workshop on May 23rd in Brewerton. June 11th will take me to Croghan, for the APHNYS DISTRICT 8 meeting, hosted by Oswego County' Historian, Justin White. Justin is also the District 8 coordinator.

So far this month I have received only one email communication which I will be forwarding to the AHS.

Respectfully submitted.

Tim Kelley
Town of Amboy Historian
