It is posted as an aid to understanding the proceedings at the meeting, but should not be treated as an authoritative record. If you should need clarification on something said and cannot hear it, please contact the town clerk.

1

00:00:10.530 --> 00:00:12.870

Timothy Kelley: We do have a quorum. From the looks of it.

2

00:00:17.070 --> 00:00:19.380

Timothy Kelley: Review the agenda was gay.

3

00:00:20.460 --> 00:00:21.900

Timothy Kelley: Give us a October minutes

4

00:00:23.460 --> 00:00:26.250

Alix Krueger: Let me guess everybody's name here, now we're here.

5

00:00:28.020 --> 00:00:29.400

Timothy Kelley: You want to go ahead

6

00:00:31.710 --> 00:00:43.560

Alix Krueger: Okay. Um, and there'll be a couple of questions. But we'll fill in corrections will do those later on minutes for the October 28 2020 town of Android planning board meeting.

7

00:00:44.340 --> 00:00:57.210

Alix Krueger: This evening's public hearing and planning board meeting was also streamed on internet via zoom. Let's help us talk Health Commission the hearing and the meeting, maybe viewed at and then you said at the our website right

8

00:00:58.380 --> 00:00:59.400

Alix Krueger: Right, good.

9

00:01:00.480 --> 00:01:18.150

Alix Krueger: 705 open the public hearing to receive comments on the draft comprehensive plan prepared by the envoy town board with the help from planners at the tug Hill Commission, the public hearing was closed. Then it says, I didn't do any notes of the hearing like

10

00:01:19.530 --> 00:01:29.040

Alix Krueger: I don't know if I need to. But you know what people said, or didn't say anything. So then it just I turn into the public hearing was closed at

11

00:01:30.360 --> 00:01:36.540

Alix Krueger: A certain time. And then when there was no more comments or discussion from the floor.

12

00:01:37.560 --> 00:01:43.980

Alix Krueger: So that was those times. I didn't. I knew we began at 705. And the only other number I had was 750 so

13

00:01:45.600 --> 00:01:58.320

Alix Krueger: So then it says, and then I had put down like 751 the regular planning board meeting was all the order at 751 and forum was president and then I mentioned everybody else that was there like Kathy and

14

00:01:59.760 --> 00:02:08.730

Alix Krueger: Larry and deck that it says review and approve September 2020 minutes Myrna made emotion and Dave. Second. All in favor.

15

00:02:09.210 --> 00:02:14.400

Alix Krueger: And then for old business. I put down as a brief discussion about the hearing, and the next steps.

16

00:02:15.210 --> 00:02:26.760

Alix Krueger: To do with the comprehensive plan. And then for new business. I said, Tim will take the lead on submitting the draft plan to this week accounting planning office for the review and then a German

17

00:02:27.210 --> 00:02:32.520

Alix Krueger: Again, I wasn't sure exactly when we adjourn mermaid emotions during the meeting meeting was adjourned at

18

00:02:38.340 --> 00:02:39.090

Timothy Kelley: The corrections.

19

00:02:41.010 --> 00:02:44.850

Alix Krueger: Do we know how long our meeting lasted about 15 minutes or so.

20

00:02:45.960 --> 00:02:46.560
David Marzolf: I'm looking at

21

00:02:47.100 --> 00:02:54.240
Paul Baxter: WHAT THE THAT WAS THE 30th. Let me look and see if I've got a note of that. Because sometimes I note when the meeting is or

22

00:02:58.500 --> 00:03:00.000
Paul Baxter: October.

23

00:03:00.090 --> 00:03:03.720
Paul Baxter: 2828 yeah I'm skimming through now.

24

00:03:04.770 --> 00:03:10.800
Paul Baxter: I've got it is adjourned at low end of the journey at 926

25

00:03:12.060 --> 00:03:14.070
Alix Krueger: OK, so the 758 must be room.

26

00:03:14.850 --> 00:03:18.660
Paul Baxter: 926 2126 now.

27

00:03:19.230 --> 00:03:21.330
Alix Krueger: Do you have one I'm hearing engine or

28

00:03:21.690 --> 00:03:26.070
Paul Baxter: I actually, I have one. The. I'm sorry. That's wrong. I'm looking at the next meeting down

29

00:03:27.750 --> 00:03:28.260
Alix Krueger: My neck.

30

00:03:28.320 --> 00:03:28.680
Funny.

31

00:03:31.050 --> 00:03:39.090
Paul Baxter: When a board meeting, it ended at 829 956 was the next meeting. I went to after that that was the West Monroe planning board you you

32

00:03:39.360 --> 00:03:42.090
Alix Krueger: Say about 830 or

33

00:03:42.480 --> 00:03:44.340

Paul Baxter: Eight. I bet in 20 so

34

00:03:51.270 --> 00:03:51.630

Alix Krueger: Good.

35

00:03:52.290 --> 00:03:53.880

Timothy Kelley: Anymore additions or corrections.

36

00:03:57.570 --> 00:03:58.080

Timothy Kelley: Hello.

37

00:03:58.590 --> 00:03:59.880

David Marzolf: No, I don't think so.

38

00:04:04.590 --> 00:04:04.770

Alix Krueger: Just

39

00:04:05.490 --> 00:04:08.460

Timothy Kelley: Audited making a motion to accept it.

40

00:04:09.840 --> 00:04:10.950

David Marzolf: Yeah, I'll make motion.

41

00:04:12.450 --> 00:04:12.930

Timothy Kelley: Soccer

42

00:04:14.640 --> 00:04:15.090

Jim Lemm: Soccer

43

00:04:18.900 --> 00:04:19.860

Timothy Kelley: Okay. So moved.

44

00:04:22.680 --> 00:04:25.530

Timothy Kelley: All right, I don't know, we can

45

00:04:26.730 --> 00:04:28.140

Timothy Kelley: We can move into

46

00:04:30.030 --> 00:04:34.920

Timothy Kelley: The agenda itself. Then she has her own business.

47

00:04:36.120 --> 00:04:48.870

Timothy Kelley: Where we will attempt to answer plan update public hearings County Planning Department comments final draft, as you should know everyone received the letter that I received from Oswego County.

48

00:04:50.400 --> 00:04:52.800

Timothy Kelley: After me. Oh, pardon me.

49

00:04:53.190 --> 00:04:55.380

Alix Krueger: That was nice. Their comment.

50

00:04:55.830 --> 00:05:06.210

Timothy Kelley: Oh yeah, they dance a nice comments and its own as I received it from Matt immediately send it through a I think there was a form to 95 or something like that.

51

00:05:06.660 --> 00:05:23.070

Timothy Kelley: I had to make some that so that wasn't no big deal, but they they have it. And they looked at it and they said everything was copacetic so we moved down from there. Now from that I let Matt Johnson know and i also like Kathy know

52

00:05:24.180 --> 00:05:35.580

Timothy Kelley: And there's a couple of emails went back and forth between Kathy Matt and I have it like I didn't for a usually a forward everything to you, but there was so much going on here that I didn't

53

00:05:36.510 --> 00:05:51.270

Timothy Kelley: But anyway, everything's all set and last Monday I called Cathy, and because we've gathered. My mother in law live in here i'm i'm doing is little meanings, as I can, mostly by zoom that

54

00:05:52.350 --> 00:06:03.330

Timothy Kelley: And I wouldn't be at the meeting. She sounds just going to call you and let you know that there was only probably three people attended was going to be very sure. Did you go to that thought.

55

00:06:03.750 --> 00:06:11.190

Paul Baxter: I did because they asked me to conduct that meeting via zoom and I went up there to set up the room.

56

00:06:11.610 --> 00:06:18.750

Paul Baxter: Like I did when the planning board had its comprehensive plan public hearing where I set up that table and I set up a laptop, where

57

00:06:19.320 --> 00:06:30.120

Paul Baxter: It could view the town board and be the town board could be heard. So yeah, I conducted the session from the municipal building it wouldn't be necessary if they

58

00:06:30.930 --> 00:06:43.830

Paul Baxter: Well, they let me put it this way, they're planning on doing their meeting via zoom in January, they already pre plan that and if each of the individual participants was on their own device responding from home, I could zoom the session from home.

59

00:06:45.300 --> 00:06:52.320

Paul Baxter: I did it. I did it from the municipal building that night because they were all going to be there, but that may not be the case in January.

60

00:06:53.400 --> 00:06:57.810

Timothy Kelley: So that that'd be fine. I mean, as long as is okay with Kathy, you know, this

61

00:06:58.020 --> 00:07:03.480

Paul Baxter: Really pretty much caffeine, the board, whichever way they want us to hear that. I'm happy to support them. Yeah.

62

00:07:05.340 --> 00:07:06.480

Timothy Kelley: Well, uh,

63

00:07:07.710 --> 00:07:14.580

Timothy Kelley: Maybe you could fill me in a little bit more POV and exactly what my nan chance he came to kind of give me an oversight of

64

00:07:14.580 --> 00:07:15.540

David Marzolf: What I was there too.

65

00:07:16.110 --> 00:07:17.910

Timothy Kelley: Well, were you there. Joe Yeah.

66

00:07:18.930 --> 00:07:23.370

Timothy Kelley: Okay, David on the board, why don't you explain exactly what happened.

67

00:07:28.350 --> 00:07:28.650

Jim Lemm: I met

68

00:07:29.040 --> 00:07:37.860

David Marzolf: One of the main reasons that they wanted to go ahead with the meeting, I can say had to approve the contract with the company, I guess. So that was the first thing on their agenda.

69

00:07:39.000 --> 00:07:44.730

David Marzolf: And then I believe she said the item, issue with the

70

00:07:45.450 --> 00:07:49.680

David Marzolf: Comprehensive Plan was going to be dealt with in January, I believe that the January meeting.

71

00:07:53.610 --> 00:07:58.020

David Marzolf: I believe they have to hold another public hearing Dante and that

72

00:07:59.820 --> 00:08:09.150

Timothy Kelley: I i was i wasn't understand that the setup for prior to the meeting is, am I right power.

73

00:08:09.270 --> 00:08:16.380

Paul Baxter: Got the tell board has to have a public hearing of their own one by the planning board is mainly to

74

00:08:17.220 --> 00:08:32.700

Paul Baxter: introduce it to the public and get ideas from the public on what the reaction is and how well it works. And, you know, iron out the wrinkles before it's formally presented to the town board for public hearing and Google Docs.

75

00:08:33.900 --> 00:08:43.710

Timothy Kelley: So basically we've done that already. With our public hearing and send it off to the county, so it gets everything's pretty well set. I haven't talked to Matt since then, but I'm assuming

76

00:08:44.400 --> 00:08:57.420

Timothy Kelley: Everything is all set for them to approve. And then also, I've been correct me if I'm wrong, that we're going to have in that public hearing concerning the zoning Zb as zoning changes.

77

00:08:58.680 --> 00:09:02.070

Paul Baxter: That did come up. I don't remember how was it they left that

78

00:09:03.720 --> 00:09:04.230

Timothy Kelley: David, you

79

00:09:05.610 --> 00:09:07.620

David Marzolf: Don't remember hearing too much about that.

80

00:09:08.730 --> 00:09:11.400

Paul Baxter: Yeah okay bye came up. I'm pretty sure at least in passing.

81

00:09:13.170 --> 00:09:15.630

Timothy Kelley: Okay, well that that isn't necessarily

82

00:09:16.710 --> 00:09:22.710

Timothy Kelley: A minute, but the obviously the comprehensive plan to get that all wrapped up

83

00:09:24.180 --> 00:09:28.140

Timothy Kelley: We'd like to do that before we officially move on to other things.

84

00:09:30.150 --> 00:09:32.700

Timothy Kelley: But other than that.

85

00:09:35.760 --> 00:09:37.020

Timothy Kelley: What else did you have, there

86

00:09:38.100 --> 00:09:38.550

Timothy Kelley: Alex

87

00:09:40.680 --> 00:09:46.020

Alix Krueger: I'm just what you said about the zoning. So that might not take place and

88

00:09:46.950 --> 00:09:47.340

Timothy Kelley: I'll have

89

00:09:48.780 --> 00:09:57.090

Timothy Kelley: I'll have to call Kathy, for sure. I was hoping this sheet joining us this evening, but apparently he isn't available. So to clarify that. But

90

00:09:57.750 --> 00:10:06.450

Timothy Kelley: What you know what happens when you assume, but I'm assuming that they were going to kill two birds in one stone and the next board meeting.

91

00:10:07.350 --> 00:10:19.830

Timothy Kelley: But if not, then they can continue on and I know Alex and I had conversation and I don't know if I had known or or shared it with everybody, the last meeting, but

92

00:10:20.760 --> 00:10:40.500

Timothy Kelley: Alex obviously didn't want to serve on the the Zoning Board of appeals. So I went and I ask Bruce Walters if he'd like to serve on that and being that it doesn't meet every month and the only one necessary. He said he would be more than happy to to

93

00:10:42.060 --> 00:10:45.210

Timothy Kelley: Be involved in that and it kind of takes care of Alex

94

00:10:46.050 --> 00:10:48.570

Alix Krueger: To see you have to get appointed as a

95

00:10:48.660 --> 00:10:51.300

Timothy Kelley: I forget how we go have to be appointed. Oh.

96

00:10:53.010 --> 00:10:54.930

Timothy Kelley: I mean, this is something new. So, I mean,

97

00:10:55.830 --> 00:10:58.020

Alix Krueger: Actually, that he is

98

00:10:58.260 --> 00:10:59.700

Timothy Kelley: The only only ones that have to be

99

00:10:59.700 --> 00:11:07.680

Timothy Kelley: Appointed are myself Dave and then Bruce because Tammy and Marina and Jim are already on it.

100

00:11:10.470 --> 00:11:12.150

Timothy Kelley: So that's the way that would work.

101

00:11:13.170 --> 00:11:21.540

Timothy Kelley: And while we're on the subject conversation earlier that Alex and I had was basically she's would like to

102

00:11:23.010 --> 00:11:24.900

Timothy Kelley: diminish your capacity and the

103

00:11:25.380 --> 00:11:26.760

Seven. Good. Wow.

104

00:11:28.260 --> 00:11:35.040

Timothy Kelley: And the planning board and I said that we just hold off until after the first year and and yeah, once we get

105

00:11:35.220 --> 00:11:36.330

Alix Krueger: I just wanna

106

00:11:36.900 --> 00:11:45.210

Alix Krueger: ease out. And because I'm obviously well not obviously but I feel burnt out. So as far as that goes. So

107

00:11:46.380 --> 00:11:48.600

Alix Krueger: Trying to concentrate on some other things.

108

00:11:48.600 --> 00:11:48.930

Timothy Kelley: So,

109

00:11:49.380 --> 00:11:52.830

Alix Krueger: That'll give us 10 only been like 20 years or something. I think

110

00:11:54.780 --> 00:11:56.220

Timothy Kelley: I guess you're the godmother.

111

00:11:57.930 --> 00:12:12.570

Timothy Kelley: You're officially the first one. And we've been taking your guidance and suggestions right along. We really appreciated

everything you've been doing. Although elaborate more on that when it comes time for you to say bye bye

112

00:12:13.590 --> 00:12:14.940

Alix Krueger: And I would like to have

113

00:12:14.970 --> 00:12:22.290

Alix Krueger: All the because I've collected quite a library through the 18 years I guess it is.

114

00:12:23.280 --> 00:12:38.610

Alix Krueger: So I wanted to kind of make sure that a box of some sort, went to the town hall or that the planning people knew you know any CD, you know, any desks or if anybody could ever use them anymore or anything that you know I collected on stuff.

115

00:12:38.910 --> 00:12:42.750

Timothy Kelley: And I'm sure I'm sure when it comes time. You can turn that over to Marianne.

116

00:12:43.080 --> 00:12:47.760

Timothy Kelley: Yeah, she with it at that time catalog or whatever she does.

117

00:12:48.900 --> 00:12:50.820

Timothy Kelley: That information because you

118

00:12:51.030 --> 00:12:55.560

Alix Krueger: Brandi. Brandi just moved into town. But I know she's really busy.

119

00:12:57.090 --> 00:12:57.420

Timothy Kelley: Oh,

120

00:12:57.480 --> 00:12:58.650

Alix Krueger: You know, bought Lima's

121

00:12:59.490 --> 00:12:59.940

Yeah.

122

00:13:01.110 --> 00:13:02.580

Alix Krueger: Yep. Brandi Wheeler.

123

00:13:02.940 --> 00:13:03.870

Timothy Kelley: Oh yeah. Brandi.

124

00:13:04.320 --> 00:13:05.580

Timothy Kelley: Yeah, oh yeah, okay.

125

00:13:06.330 --> 00:13:07.020

Timothy Kelley: Suggestion

126

00:13:07.560 --> 00:13:08.850

Alix Krueger: Suggestion or maybe I'll

127

00:13:08.850 --> 00:13:12.360

Alix Krueger: Just sort of work on her a little bit more months.

128

00:13:12.660 --> 00:13:14.400

Timothy Kelley: She would be a great person.

129

00:13:15.750 --> 00:13:17.460

Timothy Kelley: Does everybody know Brandi Wheeler.

130

00:13:19.080 --> 00:13:19.740

Thomas Vona: I do not

131

00:13:20.970 --> 00:13:22.620

Alix Krueger: Know, go ahead.

132

00:13:23.100 --> 00:13:34.650

Timothy Kelley: Of girl. Currently, she's the manager of m&t bank and Camden, and she's been there for quite a few years and she has just along with a partner.

133

00:13:35.760 --> 00:13:37.890

Timothy Kelley: But at that banning

134

00:13:39.450 --> 00:13:41.100

Timothy Kelley: They bought very Lehman's farm.

135

00:13:41.670 --> 00:13:42.330

David Marzolf: I heard that.

136

00:13:43.530 --> 00:13:47.400

Alix Krueger: And they already have seven or eight cows, not my fault.

137

00:13:47.550 --> 00:13:47.820

Yeah.

138

00:13:49.710 --> 00:13:50.130

Alix Krueger: I got it.

139

00:13:50.640 --> 00:13:56.580

Alix Krueger: I brought her calving chains yesterday because I figured I looked at a few of them thought they might be ready so

140

00:13:57.510 --> 00:14:07.890

Timothy Kelley: she's a great gal and very knowledgeable and then she's been up the lake for quite a few years appeared. I've known her through the business and personally for 20 years, I guess.

141

00:14:07.920 --> 00:14:09.330

Alix Krueger: They have a camp on Panther link.

142

00:14:09.330 --> 00:14:09.480

Alix Krueger: To

143

00:14:10.350 --> 00:14:10.950

Their family.

144

00:14:13.320 --> 00:14:16.350

Alix Krueger: Actually I'm Ken spoons daughter.

145

00:14:16.710 --> 00:14:17.160

Alix Krueger: And yeah.

146

00:14:17.970 --> 00:14:21.240

Timothy Kelley: Place on you're actually you're related to her by marriage.

147

00:14:21.870 --> 00:14:24.510

Alix Krueger: Mm hmm. Yeah, my husband's nice

148

00:14:25.230 --> 00:14:26.310

Timothy Kelley: So anyway.

149

00:14:27.870 --> 00:14:28.200

Timothy Kelley: That's

150

00:14:28.440 --> 00:14:29.250

Alix Krueger: Where to keep it.

151

00:14:29.310 --> 00:14:30.030

Family

152

00:14:32.430 --> 00:14:43.590

Timothy Kelley: It's food for thought. Then, you know, so it's like pulling teeth to try to get any way to serve. So yeah, I think, between you and I, Alex. Maybe we could bite down on that a little bit.

153

00:14:43.650 --> 00:14:45.930

David Marzolf: Harder to get rid of the cows and then she'll have time

154

00:14:48.090 --> 00:14:48.810

Alix Krueger: Yeah, right.

155

00:14:51.540 --> 00:14:52.110

Timothy Kelley: That's a good

156

00:14:52.680 --> 00:14:55.650

Alix Krueger: She's close to the she could walk to the meetings.

157

00:14:55.740 --> 00:14:56.880

Timothy Kelley: Yes, yes.

158

00:14:57.720 --> 00:15:07.890

Timothy Kelley: Yeah but but anyway we'll of course what we're going to have to do is going to have to advertise when it comes time for Alex to step down. Prior to that,

159

00:15:08.430 --> 00:15:21.120

Timothy Kelley: You know, maybe, January, February, start advertising for somebody and and we have to open it up. So, but if it's a successful as it has been for the best 10 years and I've been involved in

160

00:15:22.440 --> 00:15:22.770

Alix Krueger: It.

161

00:15:23.460 --> 00:15:33.270

Timothy Kelley: We're going to live to look to Randy and make sure that or if anybody has any ideas would like to serve on it. You know, I was pretty happy that Bruce

162

00:15:34.320 --> 00:15:48.210

Timothy Kelley: You know I told him the circumstances about it. About the CPA and he says, well, as long as you and I have to meet every month. He says, I would be interested in to keep on serving so that that was good. Anyway, so at least we get that

163

00:15:52.020 --> 00:15:54.510

Timothy Kelley: Other than you were when you're talking about

164

00:15:55.830 --> 00:15:56.640

Timothy Kelley: This next year.

165

00:15:59.100 --> 00:16:00.630

Alix Krueger: I think I got him right but

166

00:16:00.870 --> 00:16:01.230

It could

167

00:16:03.390 --> 00:16:06.180

Alix Krueger: Always does them correctly, but I think those are right.

168

00:16:06.960 --> 00:16:08.640

Alix Krueger: But we have to discuss November.

169

00:16:16.170 --> 00:16:17.130

Timothy Kelley: Romeo and Juliet.

170

00:16:18.660 --> 00:16:20.460

Thomas Vona: I would suggest doing it the week.

171

00:16:20.820 --> 00:16:23.250

Thomas Vona: Before it would be the 17th.

172

00:16:25.290 --> 00:16:27.840

Thomas Vona: Just so it's not the day before Thanksgiving.

173

00:16:28.290 --> 00:16:29.160

I think that

174

00:16:30.690 --> 00:16:40.950

Thomas Vona: may fit for more people's schedules that way. But if if everyone wants to do that week I just probably won't be able to attend it so

175

00:16:42.570 --> 00:16:48.090

Alix Krueger: Well, we usually put the week before and then at us. We usually end up canceling it

176

00:16:51.660 --> 00:16:53.550

Alix Krueger: So at least we'll have a date.

177

00:16:58.950 --> 00:17:05.670

Paul Baxter: Got a date and you've advertised, if you don't use it. That's no problem, but it saves you having to do an extra notification if you decide you want to have one

178

00:17:07.500 --> 00:17:09.480

Timothy Kelley: Time event, pick the November, we'll go with it.

179

00:17:10.980 --> 00:17:16.530

Thomas Vona: Okay, uh, I would do the 17th instead of the 24th, personally, but

180

00:17:18.420 --> 00:17:19.290

Timothy Kelley: All those in favor,

181

00:17:20.160 --> 00:17:20.850

David Marzolf: Fine with me.

182

00:17:21.660 --> 00:17:22.050

Jim Lemm: All right.

183

00:17:24.240 --> 00:17:27.900

Timothy Kelley: Well, hey, Paul. Is she taking over your job. You're getting all these states.

184

00:17:29.460 --> 00:17:30.780

Paul Baxter: If you want to, that's fine, but I do

185

00:17:30.960 --> 00:17:32.040

Alix Krueger: I told them to check

186

00:17:32.040 --> 00:17:36.420

Paul Baxter: Them. Yeah, I've got it on the computer and I can plug all those dates in and I can send it on to

187

00:17:38.700 --> 00:17:40.380

Timothy Kelley: Unless we get that out of the way and

188

00:17:40.380 --> 00:17:40.710

Paul Baxter: You can

189

00:17:41.310 --> 00:17:44.430

Paul Baxter: Post in distributed to the media and I'll get it up on the website.

190

00:17:46.830 --> 00:17:48.540

Alix Krueger: I just figured it could be in the Minutes.

191

00:17:48.990 --> 00:17:49.350

Oh, yeah.

192

00:17:51.180 --> 00:17:52.710

Paul Baxter: It's always good to make it official

193

00:17:53.970 --> 00:17:59.520

Timothy Kelley: I guess we're going to probably should plan on zoom for the 27th.

194

00:18:00.630 --> 00:18:03.630

Timothy Kelley: Considering things are still the way they are.

195

00:18:03.930 --> 00:18:13.110

Timothy Kelley: Today, it might be a good idea that, you know, I don't know what anybody thinks about zoom meetings, but I think they're great. I think we can. It's always nice to be

196

00:18:14.100 --> 00:18:22.470

Timothy Kelley: You know, sitting across from somebody, but boy. As an alternative, this is a way to go, you know, at least we have that opportunity to still meet and

197

00:18:23.160 --> 00:18:34.800

Thomas Vona: Discuss. Yeah, I agree. And I think you're planning to do the zoom meeting for next month will be probably wise, just because I don't see things changing that much.

198

00:18:36.930 --> 00:18:40.020

David Marzolf: Then you don't have to worry about a weather issue either if that's true.

199

00:18:40.440 --> 00:18:44.100

Alix Krueger: Oh yeah, I was thinking of that was like, well, we do have a weather excuse

200

00:18:49.800 --> 00:18:50.970

Worry about it here.

201

00:18:52.380 --> 00:18:55.860

Timothy Kelley: For coven that might be a weather situation from February two, so

202

00:18:56.670 --> 00:19:02.400

Timothy Kelley: As long as the successful when we can we can all talk together. I think it's a good idea. Yeah.

203

00:19:02.790 --> 00:19:17.880

Paul Baxter: Well, I can, I can add if you want to pre pre plan that I can add that to the calendar that January and February meeting, it will be a via zoom and I can go ahead and get the January meeting setup. So you got all the links and meeting information. There'll be up on the website.

204

00:19:19.230 --> 00:19:20.490

Timothy Kelley: I got a question for you though.

205

00:19:22.080 --> 00:19:27.960

Timothy Kelley: Now, did you were you able to see that back of you and film that so you could have a background or what

206

00:19:28.170 --> 00:19:29.130

Paul Baxter: All the Aurora.

207

00:19:29.400 --> 00:19:30.300

Paul Baxter: Yeah, one of the

208

00:19:30.330 --> 00:19:32.760

Paul Baxter: That's one of the standard ones that zoom offers

209

00:19:34.170 --> 00:19:38.520

Paul Baxter: To activate the virtual background. That's one of the start of virtual background.

210

00:19:41.520 --> 00:19:43.620

Alix Krueger: So we can be where we want to be.

211

00:19:43.920 --> 00:19:46.500

David Marzolf: Yeah, I can. You don't have to go to Canada to get that

212

00:19:48.750 --> 00:19:49.020

Here.

213

00:19:50.040 --> 00:19:51.570

Paul Baxter: I can do a different one. I think

214

00:19:52.380 --> 00:19:52.980

Hey,

215

00:19:54.390 --> 00:19:57.960

Timothy Kelley: David worse. Where's your wife. I haven't seen a running back and forth.

216

00:19:58.470 --> 00:20:05.250

David Marzolf: Oh, she's in the other room, couple of my grandkids been stay in this week, and she's trying to keep them out of my hair for a while.

217

00:20:08.580 --> 00:20:09.210

Timothy Kelley: That's great.

218

00:20:10.290 --> 00:20:12.210

Timothy Kelley: That's a big deal you like this format.

219

00:20:12.690 --> 00:20:22.710

Jim Lemm: Yeah, yeah, I do. I'm seeing. I'm not gonna be we're, we're leaving the last week of January, and I won't be back till April, so

220

00:20:25.650 --> 00:20:29.040

Timothy Kelley: Now would you be available to do this.

221

00:20:29.790 --> 00:20:32.070

Jim Lemm: Um, I might be

222

00:20:33.450 --> 00:20:37.080

Jim Lemm: Depends on how good the Wi Fi is where we're staying

223

00:20:38.880 --> 00:20:53.520

Paul Baxter: Keep in mind there is another option to and I advertise it on the website. If you don't have good Wi Fi. But you do have a phone line you can dial in and participate via AUDIO Now you don't obviously with the phone, you don't get the the picture of what's going on.

224

00:20:53.850 --> 00:20:59.040

Paul Baxter: By and you can actually dial in punch in a code number and we'd all hear you.

225

00:20:59.790 --> 00:21:02.670

Jim Lemm: Yeah, or will have cell phone. So, yeah.

226

00:21:05.430 --> 00:21:18.750

Paul Baxter: It helps that for me if in advance. You can let me know what your phone number is. So when I see you coming into the meeting. I know it's you and not just some strange disrupting person from Albuquerque or something.

227

00:21:20.370 --> 00:21:20.730

Jim Lemm: Yeah.

228

00:21:21.690 --> 00:21:23.640

Paul Baxter: We've had over time.

229

00:21:24.210 --> 00:21:24.750

Alix Krueger: When I had

230

00:21:24.780 --> 00:21:30.270

Alix Krueger: Really poor. I didn't have files, last time I did zoom meeting and I'm

231

00:21:31.740 --> 00:21:44.010

Alix Krueger: Actually wasn't too bad. I mean, I had to start early to get on because it took a while. But once I was on it wasn't too weird. You know, so you might find it works. Okay.

232

00:21:44.400 --> 00:21:44.850

Jim Lemm: What do

233

00:21:45.150 --> 00:21:47.910

Timothy Kelley: We do for last time you came up

234

00:21:49.950 --> 00:21:54.390

Timothy Kelley: That what were we doing that was a meeting. I think that was a

235

00:21:56.550 --> 00:21:57.570

Timothy Kelley: I think we went to

236

00:21:58.110 --> 00:22:06.120

Alix Krueger: But I had another I went to the we had our tug Hill auction. Yeah, and stuff up toggle

237

00:22:07.260 --> 00:22:25.500

Alix Krueger: Toggle tomorrow. Land Trust action, the annual meeting had to be or annual dinner had to be a zoom. So we did a cocktail hour which was sort of awkward, but we did it. I mean, we had like different rooms, because there was too many people to I guess I'll drink at once. I don't know.

238

00:22:26.670 --> 00:22:27.540

Alix Krueger: So we did

239

00:22:28.350 --> 00:22:28.860

Timothy Kelley: All good.

240

00:22:29.010 --> 00:22:30.090

Timothy Kelley: south, south, though.

241

00:22:31.320 --> 00:22:33.030

David Marzolf: Hey, where's your Speedo there pop

242

00:22:35.400 --> 00:22:36.210

Alix Krueger: Well, there you go.

243

00:22:43.650 --> 00:22:44.430

Timothy Kelley: I don't know.

244

00:22:45.780 --> 00:22:46.470

Timothy Kelley: Anyway,

245

00:22:47.910 --> 00:22:48.990

Timothy Kelley: Back to the meeting.

246

00:22:52.050 --> 00:22:57.330

Timothy Kelley: We are going to have our organizational meeting socio
January 27 so point

247

00:22:57.930 --> 00:23:08.160

Alix Krueger: That's why am I not said, you know, let you know what was
going on. But I can still obviously be secretary and help somebody ease
into it. When that time comes, so

248

00:23:09.990 --> 00:23:11.070

Timothy Kelley: Okay. Brandi.

249

00:23:13.710 --> 00:23:14.910

Alix Krueger: Will work on it.

250

00:23:18.180 --> 00:23:20.490

Timothy Kelley: Paul what's what's coming down from hell. Right.

251

00:23:21.510 --> 00:23:22.920

Paul Baxter: Time. Oh.

252

00:23:23.280 --> 00:23:27.300

Paul Baxter: This time you're working on our training program.

253

00:23:28.350 --> 00:23:41.910

Paul Baxter: First Quarter of 2012 or 2021 rather um, we've recently work
it out so that when we've offered some of these training programs for
funding board zoning boards or down boards.

254

00:23:44.340 --> 00:23:51.930

Paul Baxter: We had pre registration and if you attended the live session, you could get a certificate for it. Well, we've added the ability to do that when you

255

00:23:52.980 --> 00:23:59.130

Paul Baxter: Do the session after the fact. We have our YouTube channel so you can, I guess, what you do is you take a quiz.

256

00:23:59.700 --> 00:24:08.100

Paul Baxter: And if you're successful with a quiz and your issue day certificate. So we work it out so that our, our Planning and Zoning

257

00:24:09.600 --> 00:24:18.120

Paul Baxter: Is available via the YouTube channel for credit which we hadn't before that. So that's probably the big thing. I think the tequila local government conference.

258

00:24:18.870 --> 00:24:37.590

Paul Baxter: Has been entirely cancelled for 2021 because we've postponed it from our normal date in the spring, but the way things are going, and given the lead time it takes to put it on. It wasn't looking feasible. So I believe it's been cancelled out right at this point.

259

00:24:39.060 --> 00:24:52.350

Paul Baxter: I'm beyond that the tequila commission itself established its meaning calendar or 2021 and the first several meetings of the year are going to be

260

00:24:53.730 --> 00:25:04.500

Paul Baxter: Via zoom. I think it's the March or April meeting is scheduled for central square if circumstances allow. And if it doesn't, then we'll just do

261

00:25:05.340 --> 00:25:15.810

Paul Baxter: One more via zoom and Tim you'll be pleased to know that the toggle commission of least partly because of the situation that you encountered

262

00:25:16.530 --> 00:25:26.610

Paul Baxter: Is in the process of redesigning its website and making the information available about the Commission calendar and the current Commission calendar was updated to reflect

263

00:25:27.450 --> 00:25:36.750

Paul Baxter: The changing meeting schedule because of the December meeting, which normally would have been held in Watertown was a zoom meeting so

264

00:25:37.590 --> 00:25:53.160

Paul Baxter: He because 1010 one to 10 like to do is search for technical commission meeting and found it sounds like your website because it had not updated and he went to Williamstown, and the meeting wasn't in Williamstown, they were doing it via zoom. So

265

00:25:54.660 --> 00:25:55.500

Paul Baxter: I passed that on

266

00:25:57.030 --> 00:26:05.550

Paul Baxter: To you, all because they really should keep that up to date and they're also working on redesigning like a website. So hopefully early in 2021 you'll see a

267

00:26:06.030 --> 00:26:18.390

Paul Baxter: new and improved and easier to access to kill the mission website. So I guess. Also, the major things that are going on right now. The only other thing that's kind of a big right now and it's affecting the

268

00:26:19.500 --> 00:26:30.990

Paul Baxter: town and village boards, more so than the planning board and that is municipalities since Labor Day. There's been a law sign that municipalities are required to pass.

269

00:26:31.680 --> 00:26:44.280

Paul Baxter: A public employer health emergency plan for dealing with situations like what we have now, but not limited to this because who knows what's around the corner. Who knows what

270

00:26:44.820 --> 00:26:54.120

Paul Baxter: Next year or the year after that is going to bring so basically it's a way for municipalities to think through the things they need to think through

271

00:26:54.780 --> 00:27:05.760

Paul Baxter: If a healthy emergency strikes and how they cope with it and how they can be prepared for it. So that's something municipalities are supposed to have done in the first part of

272

00:27:07.380 --> 00:27:21.570

Paul Baxter: If they've got a union, they're supposed to have a draft plan to the Union by early February and then the plan itself is supposed to be adopted by I think April 1 so that's that's going to be a big thing on the

273

00:27:22.830 --> 00:27:28.350

Paul Baxter: Plate of all our towns and villages in early 2021 is coming up for that plan.

274

00:27:29.070 --> 00:27:34.830

Paul Baxter: Are there are, there is a template out there for that that's being circulated in the total commission actually did.

275

00:27:35.220 --> 00:27:48.390

Paul Baxter: Conduct a very good webinar on it yesterday, which again should be on the toggle YouTube channel. If you didn't get a chance to see it yesterday i would i would recommend that you see if for no other reason than to know what it is that

276

00:27:49.560 --> 00:27:56.250

Paul Baxter: What's expected of your county governments and how they deal with the the pandemic and features such health emergencies.

277

00:27:57.030 --> 00:27:58.980

Alix Krueger: And where, where is that what

278

00:27:59.580 --> 00:28:08.850

Paul Baxter: Go to the toggle YouTube channel. You go to a YouTube. And I think if you search on toggle you come up with a plan to YouTube channel and it would show all the different recordings that

279

00:28:09.870 --> 00:28:12.810

Paul Baxter: Done different training opportunities and events and things like that.

280

00:28:14.460 --> 00:28:18.510

Paul Baxter: Well, you have www.youtube.com and then do a search for Doug hill.

281

00:28:20.850 --> 00:28:30.870

David Marzolf: One of the things they mentioned the other night at the board meeting was that there was an event here during one of the snow storms, where one of the town's all of their

282

00:28:33.660 --> 00:28:34.740

David Marzolf: Operators were

283

00:28:36.660 --> 00:28:37.410

David Marzolf: Out sick.

284

00:28:38.760 --> 00:28:47.640

David Marzolf: And the surrounding towns had to kind of come together and cover the roads for. So I guess that's could be what's prompting this

285

00:28:48.660 --> 00:28:53.370

David Marzolf: This thing going forward. Anyway, have a plan in place.

286

00:28:54.450 --> 00:28:58.230

David Marzolf: And another question, Paul, I wanted to ask you is

287

00:28:59.520 --> 00:29:09.030

David Marzolf: I got an email, you know, stating that the conference was going to be canceled. This year I know this of programs that were going to be available.

288

00:29:10.020 --> 00:29:17.250

David Marzolf: Through zoom, but they seemed like they were the same ones that were presented this past year. So are they going to be coming up with some new ones for this year.

289

00:29:17.850 --> 00:29:26.010

Paul Baxter: I think that's what the plan is is we had a meeting where we discussed what some of the upcoming topics are new topics are different topics.

290

00:29:27.240 --> 00:29:35.580

Paul Baxter: That we're working on having a webinar. So yes, I think you will see some additional topics beyond what we've already done.

291

00:29:36.900 --> 00:29:43.800

Timothy Kelley: And I think also through the years that it's been that even though the repetitive and in their titles.

292

00:29:45.270 --> 00:29:53.910

Timothy Kelley: There is, they usually come up with some new information or updated information to I've noticed that. Okay. Scott Sanders had them know

293

00:29:54.240 --> 00:29:54.810

David Marzolf: A lot of points.

294

00:29:57.750 --> 00:30:01.980

Timothy Kelley: So it, you know, I understand what you're saying day but you know

295

00:30:03.390 --> 00:30:15.480

Timothy Kelley: One of the things that also and I forget where I signed up with it. Well, was it was with you, Paul or not that you can sign up with tug hill to get tongue killed times automatically

296

00:30:16.380 --> 00:30:18.090

Paul Baxter: In the past, yeah.

297

00:30:18.570 --> 00:30:27.240

Paul Baxter: Go to the website, we've implemented a pop up that lead. So if you would like to register to get the toggle times emailed to you.

298

00:30:28.530 --> 00:30:34.200

Paul Baxter: And then the kick, then we basically went to exclusive electronic distribution of the times.

299

00:30:34.320 --> 00:30:48.900

Timothy Kelley: And since wow what was nice about that is, you know, if I remembered. Then I go and check and then find out that I missed something, because they didn't trigger, but now with that sending her sending that directly to us.

300

00:30:50.040 --> 00:30:55.590

Timothy Kelley: You know, there's no reason to forget when you can at least look up and see what's going on.

301

00:30:56.790 --> 00:30:57.900

Timothy Kelley: Their neck case.

302

00:30:59.070 --> 00:31:06.720

Timothy Kelley: Is there anything else I've got something I gotta bring up. And of course, it's the end of the year and Alex, I believe.

303

00:31:08.040 --> 00:31:09.060

Timothy Kelley: Question me and

304

00:31:10.650 --> 00:31:17.160

Timothy Kelley: Making sure everybody got their five hours, and I believe everybody has, Jim. I'm not even going to talk

305

00:31:20.700 --> 00:31:21.360

Timothy Kelley: For hours.

306

00:31:21.390 --> 00:31:22.110

Paul Baxter: For all

307

00:31:22.980 --> 00:31:32.130

Timothy Kelley: But anyway, uh, you know, that can be I think a lot of us. I know Tommy you went to one and debut, want to another one. We didn't and Alex and I went to

308

00:31:32.820 --> 00:31:46.950

Timothy Kelley: Do one earlier in the year, I think it was right in January, before they all this crap. We went to Watertown, I believe. But anyway, I think pretty much everybody's up to date in the in the planning board has been for the past five or six years.

309

00:31:48.810 --> 00:31:53.670

Thomas Vona: Yeah, I'm not sure if I got the full four hours, but I know you can

310

00:31:53.760 --> 00:31:57.630

Thomas Vona: Like I also did some GIS serving

311

00:31:57.900 --> 00:32:02.280

Thomas Vona: Right requirements tonight can ask the town board to do

312

00:32:03.570 --> 00:32:05.010

Thomas Vona: count those credits for

313

00:32:05.220 --> 00:32:08.520

Paul Baxter: Also, they can give you credit in lieu of other

314

00:32:09.360 --> 00:32:12.570

Paul Baxter: Planet and they can also waive the requirement if somebody fell short

315

00:32:13.650 --> 00:32:20.160

Paul Baxter: And if you wind up with more than four hours. You can ask that it be rolled forward to the next year so

316

00:32:21.930 --> 00:32:26.070

Timothy Kelley: Yeah, I think that's what happened. I know I accumulated 18 hours like

317

00:32:27.660 --> 00:32:31.650

Timothy Kelley: That I don't have to take another one probably till 2025 but

318

00:32:34.140 --> 00:32:49.380

Timothy Kelley: But anyway, it's a it's nice to know that you have the training and we did that, that, you know, the town, get to the point where they were wavering wavering wavering, and I know when I get involved and and this was a concern of yours to Alex

319

00:32:50.550 --> 00:33:00.780

Timothy Kelley: Those couple people. They just wavered wavered wavered. And you know, when you went to a meeting discuss things they were not buying the topics. And that's one thing that I've tried to

320

00:33:03.120 --> 00:33:18.210

Timothy Kelley: Elon system. Everybody gets at least to their minimum hours and then once you start taking them, you find out there's pretty interesting stuff and you end up with Robbie two or three times as much as you really need but you know it's

321

00:33:18.270 --> 00:33:25.290

Timothy Kelley: Not sure this group is the same way. We're going to just keep on continuing the, the more we know, the better we can

322

00:33:26.400 --> 00:33:28.650

Timothy Kelley: produce some good information for the public.

323

00:33:29.520 --> 00:33:31.980

Timothy Kelley: Usually, and then the other aspect of that.

324

00:33:32.040 --> 00:33:40.050

Timothy Kelley: Also, is the fact that I know in the past. And it started, I think, in very Lehman's administration.

325

00:33:41.160 --> 00:33:48.240

Timothy Kelley: They gave us a stipend. A \$10 an incentive and I really don't know where that was coming from but

326

00:33:49.260 --> 00:33:59.220

Timothy Kelley: That's when they could afford it and we all turned in our number of meetings. Now that I know I haven't been doing the last couple of years. I know. Bruce didn't even do it at all.

327

00:34:00.060 --> 00:34:07.500

Timothy Kelley: And I think with the times, the way they are into budgets away, they are you know if we didn't want to do this, we wouldn't be here right now.

328

00:34:08.670 --> 00:34:22.620

Timothy Kelley: And so it's up to you if you want to turn your our your meetings in and it is in the town law that they will give you a per diem at \$10 per meeting if you approve so call but

329

00:34:23.760 --> 00:34:30.570

Alix Krueger: Normally, I'm kept pretty good record, so to speak, but of course with everything going on I'm

330

00:34:30.570 --> 00:34:31.740

Alix Krueger: Spencer mouse.

331

00:34:32.040 --> 00:34:39.510

Alix Krueger: So we used to like submit like I have actually no clue how many things. I went to or whatever and whether I even have the certificate

332

00:34:40.080 --> 00:34:48.870

Alix Krueger: So, I mean, I couldn't actually prove that I went somewhere or saw something. I don't know. You know, so we don't have very good record this year.

333

00:34:49.680 --> 00:34:51.990

Timothy Kelley: Well, I think, though, Alex, and you

334

00:34:53.160 --> 00:35:03.960

Timothy Kelley: Know, we've been going on a steady purser so I am assuming you're you're close there or if that over. So I don't think we have to worry. We don't have to ask anybody

335

00:35:04.500 --> 00:35:18.390

Timothy Kelley: About it but as a bit. So I think we're in pretty good shape. But as far as it down bailing us or US bailing, the town. I should say that I'm gonna leave that up to the individual. If you want to claim it. Go ahead. If not,

336

00:35:19.830 --> 00:35:31.590

Timothy Kelley: But I also know that if you're a day late dollar short, too. So she's pretty efficient when it comes to turning in your times and so on and so forth. I know I didn't even turn my tank for the

337

00:35:32.700 --> 00:35:35.040

Timothy Kelley: Bar of Assessment Review, because it was

338

00:35:35.460 --> 00:35:36.390

Alix Krueger: A week late. Nice.

339

00:35:37.470 --> 00:35:40.800

Timothy Kelley: Dryness so it is what it is. So,

340

00:35:42.210 --> 00:35:53.490

Timothy Kelley: But anyway, I just wanted to get that out to everybody. Once you get a, get to fill out your, your sheet and send it. Make sure what is it the first Monday after this second Thursday of the

341

00:35:53.610 --> 00:35:54.930

Fourth Friday or something.

342

00:35:58.350 --> 00:36:11.130

Timothy Kelley: Whatever it is, you know, you know that that's all right. I guess if you're elected. But when you're appointed you you can look forward to the back, you're not going to get compensated for all the time you put in, but

343

00:36:12.150 --> 00:36:17.880

Timothy Kelley: To each his own. So anyway, yeah. Anybody else have any other information and want to bring up

344

00:36:21.300 --> 00:36:21.930

Well thank so

345

00:36:24.270 --> 00:36:25.170

Timothy Kelley: Many questions.

346

00:36:26.670 --> 00:36:28.530
Timothy Kelley: Jim, good to have your barn.

347
00:36:29.520 --> 00:36:30.480
Jim Lemm: Yeah, okay.

348
00:36:34.590 --> 00:36:43.080
Timothy Kelley: Very convenient. I know that you underwent some surgery. This summer, and you're kind of reluctant to get involved in, and I don't blame me a bit

349
00:36:43.410 --> 00:36:45.000
Jim Lemm: Yeah, I had to take it easy for

350
00:36:45.870 --> 00:36:48.870
Timothy Kelley: All everybody's been in that situation.

351
00:36:49.920 --> 00:36:52.020
Timothy Kelley: What are you going to mask on. No ball.

352
00:36:55.980 --> 00:36:57.570
Timothy Kelley: He's just having a ball with that.

353
00:37:01.020 --> 00:37:01.200
Alix Krueger: And

354
00:37:03.420 --> 00:37:06.120
Paul Baxter: Probably other other other options. I could implement as well.

355
00:37:09.930 --> 00:37:10.380
Timothy Kelley: Again,

356
00:37:11.640 --> 00:37:18.210
Paul Baxter: I, I figured since I could give you a different different backgrounds. I could. There were other options that I could explore to implement as well.

357
00:37:19.320 --> 00:37:19.980
Alix Krueger: Of this

358
00:37:25.830 --> 00:37:27.510

Timothy Kelley: Damn, you can see this gun you

359

00:37:28.410 --> 00:37:32.760

Thomas Vona: Know, I can see it all. I can see it on my phone. I just don't have my video on

360

00:37:33.030 --> 00:37:33.570

Oh,

361

00:37:35.310 --> 00:37:37.470

Paul Baxter: Not providing video but you can see the video.

362

00:37:38.460 --> 00:37:42.300

Timothy Kelley: Sorry, it goes through that pain of seeing the pollen different aspects of it.

363

00:37:43.920 --> 00:37:45.030

Jim Lemm: Look like green, orange.

364

00:37:50.010 --> 00:37:51.900

Timothy Kelley: Anybody have anything else to bring up

365

00:37:53.460 --> 00:37:53.940

Jim Lemm: No.

366

00:37:55.320 --> 00:37:56.460

Timothy Kelley: No, you all set.

367

00:37:56.670 --> 00:38:01.950

Thomas Vona: Gem. Yep, I'm all set. I can if you want make the motion to adjourn.

368

00:38:05.280 --> 00:38:06.360

Timothy Kelley: So what that was but

369

00:38:07.320 --> 00:38:08.340

Paul Baxter: That was not me.

370

00:38:10.680 --> 00:38:11.790

Timothy Kelley: Sounded like time

371

00:38:12.330 --> 00:38:12.750

Camera

372

00:38:15.360 --> 00:38:24.300

Thomas Vona: Yeah, sorry types came through at the same time was probably talking. But no, I will make the motion to adjourn. If there's nothing else.

373

00:38:25.620 --> 00:38:26.850

Timothy Kelley: Okay. So moved.

374

00:38:26.940 --> 00:38:45.600

Timothy Kelley: And getting his hair. Oh, thank you, especially for putting this on for us. And then I know it will start notice but you know I said to myself, boy, you're pretty excited about. This is why I'd rather being face to face with people, but I can see this is a real close

375

00:38:49.410 --> 00:38:49.710

Jim Lemm: Look,

376

00:38:50.880 --> 00:38:51.600

Timothy Kelley: Appreciate

377

00:38:52.470 --> 00:38:53.310

Paul Baxter: Everything always

378

00:38:53.400 --> 00:38:56.430

Paul Baxter: Good to have additional law different ways to get things done.

379

00:38:58.710 --> 00:39:11.670

Paul Baxter: And I think the point has been a I'll make one additional point to the point that was already made about winter weather, which is certainly a very valid one. There have been times when the municipalities of towns and villages.

380

00:39:12.780 --> 00:39:33.840

Paul Baxter: There's been one of their board members or maybe their attorney who was inadvertently caught out of town on board night or they had to be out of town for business and this even a way to be able to participate. So it opens up more options for special circumstances. Yeah.

381

00:39:34.800 --> 00:39:48.540

Timothy Kelley: Well, it does one thing more than I probably should brought up before that, but we will be and we'll have a little bit more information from the attorney and start working on our solar and wind project.

382

00:39:49.560 --> 00:39:56.250

Timothy Kelley: Moratorium to because it's going to be real important but nobody's been making any fast most here for the past couple of months so

383

00:39:56.910 --> 00:40:13.260

Timothy Kelley: But that should that will be on our agenda at the January meeting. Anyway, so let everybody know about it. And when I acquire any information from either tuck hell or Cathy, or whatever. I'm going to send it all on so everybody can view it prior to the meeting.

384

00:40:15.330 --> 00:40:16.320

Timothy Kelley: So other than that.

385

00:40:17.520 --> 00:40:19.650

Timothy Kelley: Goodnight, everybody. Thank you very much.

386

00:40:21.000 --> 00:40:23.220

Thomas Vona: Have a happy new years, everyone, and thank you.

387

00:40:24.240 --> 00:40:24.630

David Marzolf: Yeah.

388

00:40:24.750 --> 00:40:25.920

Alix Krueger: Happy New Year.

389

00:40:28.170 --> 00:40:29.130

David Marzolf: The next year.

390

00:40:29.640 --> 00:40:30.630

Alix Krueger: Yep. Yeah.

391

00:40:30.690 --> 00:40:31.470

Timothy Kelley: Hi everybody.

392

00:40:33.120 --> 00:40:33.750

Timothy Kelley: Bye bye.
